RE: Actuarial Valuations on the PERAC Website

DATE: July 6, 2006

In PERAC Memo #4/2004, we outlined our goal to post the most recent actuarial valuation of each retirement system on our Web site. We requested retirement systems that use private actuaries to ask their actuary to provide PERAC with an electronic version of their valuation report.

We now have the ability to scan hard copies of actuarial valuation reports. We will begin using this technology for reports for which we have not received electronic versions. However, since reports that are produced from electronic versions represent the highest quality, we encourage you to work with your actuary to provide an electronic version upon completion of an actuarial valuation.

If you have any questions, do not hesitate to contact this office.
